ARRIVAL OF THE "PACIFIC."

The Revolution in Naples.

GENERAL NEWS ITEMS

The C. S. N. Co.'s steamship Pacific arrived about 11 o'clock yesterday morning from San Francisco. She brings California papers to June 22—eight days later—which contain news from all quarters of the globe.

A Mexican, named Antonio Rues, violated the person of a girl eight years of age, named Walthers, and then murdered her, at Knight's Ferry, on the 7th June. The wretch was caught and hung by the populace.

John McGlenchy, late assistant Sergeant-at-Arms of the Senate, was shot on the 15th inst., in a quarrel with a Mexican, growing out of a game of cards. He died soon after.

There is a report in the city that news was received by yesterday's overland mail, from Russell, Majors & Co., proprietors of the Pony Express, to the effect that the Salt Lake mail is to be merged in the express enterprise; the contract for carrying the mail for \$33,000 per annum was intended as a subsidy to ensure the permanency of express. We have endeavored in vain to trace this rumor to an authoritative source.—S. F. Bulletin, 21st.

Four Chinamen were arrested recently at Big Oak Flat, Tuolumne county, charged with the murder recently of a Chinese lad. The young Celestial had been favored by a countrywoman who had been formerly kept by one of his murderers. On a visit to Big Oak Flat, a number of Chinamen assailed him, and while several of them held him, one stabbed him in the neck, breast and stomach some twelve or fifteen times.

The S. F. Bulletin declares that French citizens cannot enrol themselves in the militia of the United States without losing all claims upon their native country.

It was rumored in San Francisco that Col. Lander's wagon road expedition was beset by Indians, and some reports go so far as to say it has been utterly destroyed.

Nothing important from Washoe. The Indian war is supposed to be at an end.

The Peter Smith titles have been pronounced illegal by the Supreme Court of California.

Capt. James P. Barry, one of the oldest ship masters of San Francisco, died on the 19th inst.

Senator Watson, of Santa Cruz county, has been killed by Indians at Carson Valley.

Europe.

The British Government issued a proclamation against enlistment for the Pope in Ireland, but does not interfere in the subscriptions for the Sicily insurgents—the law officers of the Crown not regarding it as illegal.

Garibaldi, with over 1,000 followers, had landed at Marsalla, in Sicily, under the fire of two Neapolitan frigates. One of Garibaldi's steamers was captured, and the other sunk. The volunteers who landed, were at the moment of the mail's departure, fighting with the royal troops.

Col. Medici was forwarding the preparations for a second expedition, and 6,000 volunteers had already been enrolled. It was asserted that the enormous diplomatic representation made to the Sardinian Government would decide it to prevent the departure of the second expedition.

Great agitation prevailed at Naples and Palermo.

Palermo dispatches of 15th May say that in five churches, at the termination of the mass, shouts of "Italy forever! Liberty forever!" were raised. In the evening the people, to the number of 10,000, assembled. The police were unable to disperse them, and the troops were called out, when they fired on the people, killing 4 and wounding 10. Several persons were arrested.

The latest accounts from Naples represent that the utmost consternation prevailed. The Royal family were packing up their jewelry and valuables, and there were strong indications that a general insurrection would take place.

There was some excitement in Florence, owing to the appearance of placards in favor of the ex-Grand Duke. There were rumors of an attempt at the recovery of his power. The garrison was strengthened and the National Guard called out.

A meeting has taken place between Heenan and Sayers, and it was ultimately agreed that two new belts, exact counterparts of the one so much coveted, should be made, and given each of the champions. Australia.

The bark Crishna arrived at San Francisco on the 21st of June, eighty-five days from Sydney.

Much alarm has been occasioned at Sydney by the report that the Governor General had in his official capacity, "stopped payment." It appears that the Legislature had neglected to make the necessary appropriations for the support of the Government, and the Chief Executive officer had declined to exercise a power which was not conferred upon him by the Constitution. The Governor's action seems to be intended as a rebuke to the Legislature on account of extravagant expenditures.

An idea of the extent of business carried on at Melbourne may be formed from the fact, that for the week ending the 17th of March, the amount of revenue collected at the port was some \$124,000.

Saturday Morning, June 30, 1860.

The News.

By a reference to our first page, a comprehensive summary of the news brought by the Pacific, will be found. The news, apart from the insurrections in the Roman States, although not of a startling character, is full of interest and somewhat important.

The Liberals in Mexico are reported to have gained great successes over the Church party; and one account states that they are in full possession of the Capital of the country. If this report be correct, we may soon expect to hear of Juarez assuming the reins of government—it is to be hoped with more success than has heretofore attended any of his predecessors.

The Republicans in California and throughout the whole United States, are making great preparations for the coming campaign, and no exertions will be spared to ensure the success of the party. The Democrats not having yet nominated their man, the Republicans have it all to themselves for a while.

The insurrection in the Roman States is of a most serious character. Garibaldi has achieved some brilliant feats of arms, and the Liberalists of the country are flocking to his standard in large numbers. There is a talk of Sardinian troops having gone to assist him in the arduous work of freeing his native land; but be that as it may, there is hardly room to doubt that he is receiving material aid from France and Sardinia, to prosecute the undertaking. Louis Napoleon, however, has no idea of allowing him to consummate his object. He will be allowed to go on until the "Nephew of his Uncle," gains some important concession from the Pope, and then the patriot will be thrown aside as a man would cast off an old garment, and become once more a wanderer on the face of the earth.

The position of Russia just now attracts much attention. Her army has been augmented, and she has assumed a threatening attitude towards Turkey—"the sick man" of Europe. The Grand Duke Nicholas is on a visit to Paris, and has a daily interview with the Emperor of the French, with a view, it is thought, to secure the non-intervention of France in case of another invasion of the Ottoman Empire.

From Australia, we learn that the Governor-General has "stopped payment," and that the Legislature has declined to vote the supplies necessary for the carrying on of the government. The position taken by the government has created some excitement, and it is supposed to have been done in order to check extravagant appropriations on the part of the Assembly.

Taken as a whole, the news will be found the most interesting we have had the pleasure of laying before our readers for some time, and will well repay perusal.

BRITISH COLUMBIA'S ATTORNEY-GENERAL.—It is rumored that this talented and patriotic young gentleman is about resigning his post of Attorney-General for British Columbia. The temptation of £300 a year, which has been recently voted by the Vancouver Island Legislature, for its Attorney-General, has no doubt occasioned this rather fortunate disposition.—N. W. Times.

Not so. He could not be elected again here, and he knows it. So expect him ere long in "the bleak and desolate region."

ANOTHER INDIAN STABBED.—The chief of the Fort Rupert Indians, encamped a short distance in the rear of the Songish village, was attacked about 4 o'clock yesterday morning, by four Indians of the Songish tribe, and nearly cut to pieces. Dr. Dickson was called to attend him; but gives no hope of his recovery.

SAPPERS AND MINERS SENTENCED TO THE CHAIN-GANG.—Three of the Sappers and Miners corps, named Jas. Alexander, Robert Robertson, and Jas. Cooper, were brought down on the Wilson G. Hunt, on Thursday evening, under sentence to the chain-gang. Alexander is required to serve 168 days; Robertson, 140 days; and Cooper, 112 days. The offence charged is not specified in the commitment.

REGATTA.—A regatta will take place at Esquimalt, on Friday, July 6th, under the patronage of His Excellency the Governor. Several boats from the American side, and the boats from H. M. ships in the harbor will contest for several valuable prizes. The arrangements are entrusted to Messrs. Howard and Davis of Esquimalt—old hands at such sports.

The Wilson G. Hunt took 400 passengers to the mines last evening.

Another Indian Outrage.—They are Punished at Last.

On Thursday afternoon, the schooner Royal Charlie, while on her way out of the harbor, with a number of passengers and freight, was saluted with a number of rifle-balls, fired by some Hyter Indians, as the vessel passed Deadman's Point. Several of the passengers made narrow escapes from being shot. The outrage was reported to Governor Douglas, who immediately took steps to punish the perpetrators. Two gunboats were anchored off the mouth of the harbor the same evening, with instructions to stop all Indians who might attempt to make their way out. About 4 o'clock yesterday afternoon, Judge Pemberton, accompanied by nearly the entire police force, proceeded to the Hyter encampment, and demanded the perpetrators of the outrage. The Indians refused to give them up, and a detachment of 100 Royal Marines, which had been stationed on the Esquimalt road, near the road leading to McKenzie's farm, were ordered to advance, which they did to within a short distance of the encampment. Here another parley ensued, but finding that nothing could be accomplished by such means, the marines completely surrounded the lodges, and Judge Pemberton gave "Captain John," the chief, notice that if the Indians demanded were not forthcoming in ten minutes, firing would commence. They were also ordered to send away the women and children. Some of the bucks seemed to be anxious for a fight; but at the expiration of the ten minutes, an Indian was brought out and given up to the police, as the leader of the gang that had fired upon the schooner. He was secured; and the marines and police immediately commenced disarming the savages. Some resistance was shown, and one fellow assaulted an officer in charge of the marines. He was knocked down at once, and was only saved from severe injury by his clootchnan interposing between her husband and the enraged marines. In the search for arms, several of the lodges were upset, and a number completely demolished. In searching around for arms, the police came upon the Hyter boy who escaped during the chain-gang "break" the other day, and secured him also. At six o'clock, the work was complete, and the police returned to town. The prisoners were taken to the Police Court-room, and tried before Judge Pemberton. The Indian arrested for firing at the schooner was sentenced to receive 36 lashes, and to be imprisoned for two months. The chain-gang boy was ordered to receive 24 lashes, and to be imprisoned 10 days extra for joining in the escape. At 7 o'clock, the prisoners were taken back to the Hyter encampment, and the lashes were applied upon their bare backs by some tars from H. M. ships at Esquimalt, in the presence of a large number of Indians and whites. They were afterwards brought back to jail. Ninety-seven muskets, about twenty pistols, and some knives were taken from the Indians. "Captain John" has been ordered to call upon the Governor today. This example, it is hoped, will have a salutary effect upon all the Northern tribes at present here, who have long been lead to believe, from the supineness of the authorities, that they could murder and rob whom they pleased.

FROM THE SANDWICH ISLANDS.—The bark Jenny Ford, Captain Moore, arrived yesterday afternoon, in 18 days from Honolulu. We are indebted to Captain Moore for the manifest, list of passengers, late papers, etc. Among the freight brought was a quantity of water-melons, cocoa-nuts, and bananas. A quantity of stock, and large invoices of sugar also formed a portion of her cargo. No news of importance in the papers.

EXTRAORDINARY CHARGE.—Chief of Police, Bayley, on Thursday morning preferred a charge against policeman Dillon, for allowing G. J. Wight, Esq., and the reporters of the Colonist and Gazette newspapers to stand in the neighborhood of the main entrance to the prison yard. Police Judge Pemberton at once dismissed the charge, and told our model Chief that such frivolous charges were calculated to render the police force obnoxious to the public.

ANNIVERSARY BALL AT STEILACOOM.—An anniversary ball, commemorative of the signing of the Declaration of Independence by the American Congress, is announced to be given at Steilacoom, on the Fourth of July. A large number of the residents from various parts of Washington Territory are expected to join in the festivities.

THANKS.—To Messrs Hibben and Carswell, Stationers' Hall; and to Wells, Fargo and Co.'s obliging agents, for late files of California and other papers.

POLICEMAN JONES.—Wm. Jones, of the police force, charged with robbing the man Daroh of \$153, has been remanded until Monday next, for further hearing.

A DOSE OF RAT POISON.—We have a friend who is passionately fond of mustard. No amount of the article will satisfy him at a meal, and he will empty an ordinary-sized cruet almost at a sitting. The other night he dropped into a saloon. The saloon was crowded with thirsty civilians, and while waiting for his turn at the bar, our friend turned to the oyster-stand, on which was a plate of very red, fresh-looking radishes. Taking up one of the vegetables quite mechanically, the meanwhile conversing with an acquaintance, he reached to a cup containing a yellow mixture which was on the stand, and dipping the delicate little vegetable to the bottom, drew it out, and raising it to his mouth, ate it. The radish had hardly been masticated, ere our friend suddenly thought he tasted something very queer, and exhibited a countenance in a fearful state of contortion. "What's the matter?" asked his acquaintance. "Nothing," he replied, "only its very strong mustard they keep in this house," at the same pointing to the cup. "Mustard!" exclaimed the bar-keeper, who happened behind the stand at that moment, "why, good heavens, that's rat poison!" Our friend fainted upon the spot; but after having been conveyed to a bed-room, and his insides had been lubricated with sweet oil, recovered sufficiently to walk home. The way the rat poison came upon the stand is explained thus: An Indian boy employed on the premises had been instructed to prepare a tea-cupful of rat poison from a recipe in the possession of the proprietor; but while engaged in preparing a dose of death and destruction for these vermin, was called to another part of the room, and left the cup standing in the place in which our friend found it. The victim says he'll hate everything "yaller" from this out. The poison must have been of a very poor description, or otherwise our friend might have lost his life.

NAVAL.—On the 24th of April, H. M.'s frigate Tribune sailed from Valparaiso for England; and on the 27th of the same month, the corvette Termagant, and gunboats Grappler and Forwood for this station, via callao.

The U. S. surveying steamer Shubrick arrived in our harbor yesterday afternoon.

DR. ADOLPHUS'
ANTI-RHEUMATIC CORDIAL
—AND—
Health Restorative

IS THE MOST VALUABLE AND UN-
surpassed remedy for Rheumatism and Gout, to
be found in the world, or known at present. The
discovery of the above medicine does claim its in-
fallibility in all cases of Rheumatism and Gout—when
used according to direction—and does offer a reward
of five thousand dollars to any medicine that does
supercede it, and is entirely vegetable. The Doctor is
enabled to offer the above reward on account of his
practice, and has never known it to fail in the cure of
the most protracted cases of Rheumatism and Gout,
and withstood all known remedies to the profession.
Doctor Adolphus is known and right in Rheumatism,
Gout and Chronic Diseases, and has only to the con-
tinued efforts of his patients, and through the
desire to help them who are not enabled to see him
personally, or to spend a fortune to get rid of the dis-
ease, which they have contracted in the pursuit of
business, and a few more such discoveries, and druggists
will not need to keep a lot of useless medicines on
hand, whenever they are prescribed once in a ten
score they have lost through time their properties in
which their value did reside, if there was actually any
in them.
As a Health Restorative its value supersedes all the
mineral wealth and riches of California, and is
creating a revolution in the whole treatment of dis-
eases throughout the world.

In secondary and tertiary Syphilis, Scrofula, En-
largement of the Glands, Dropsy, and all Nervous
and Cutaneous Diseases, and the whole train of Chro-
nic Diseases, which without doubt, have the skill of
the most excellent and learned physician in the
world; in Chronic Diseases whose very name is a
terror as well to the physician as to the patient, this
medicine has proved to be superior to any in exist-
ence, and has cured in so short a time that they ap-
peared like being abolished, and it will act on your
kidneys—it penetrates every part of your body,
searches even the most remote and secret recesses of
your system, and removes the disease located there—
it restores healthy action and gives tone to every
organ in the human body, and therefore it has righteou-
sly derived the name it bears: HEALTH RESTORA-
TIVE.

The Doctor, who is averse to all patent medicines,
wishes it to be understood that the above medicine is
such a thing; but that he has, through the intro-
duction of this medicine, with its treaties and directions
for use, made every sufferer to be his own physician
in the above named diseases.
Thinking it under my dignity to follow the mode
of quacks, by appending certificates of physicians or
private persons, which is too well known to need
of certain remunerations, applications of friends, or
by the mode of boring a man full to death for even
the most worthless trash, I will therefore leave it to
those in want of medicine to inquire personally of
men who have been cured by my medicines of the
above diseases, and who can be found in almost every
city and village throughout the State. I consider
such personal conviction far superior to certificates of
persons that are far from being known to them in
want of medical aid.
But should any one care for written testimonials
or certificates regarding the cures performed by this
cordial, they might call at my office, and I will
show them certificates of true merit, which have been
sent to me voluntarily, without applying for them,
or by boring individuals to get them.
To satisfy the most scrupulous men, also as a
guarantee to those who have not had the opportunity
of knowing the Doctor by reputation or personally, I
have added to every bottle of the Anti-Rheumatic
Cordial, the certificate, under oath, of one of the most
celebrated analytical chemists in the United States,
that there are no minerals nor poisons contained in
this medicine, although it is a very powerful medi-
cine, and has a very strong action on the human sys-
tem, which it necessarily must have, to overcome the
action of disease of such malignant character.

THE UNDERSIGNED BEG TO INTI-
mate to the public of Victoria that they have se-
cured the lease, license and good-will of the Bowling

planed and the balls turned anew.) We trust, by
strict personal attention and keeping nothing in
stock but the best of WINES, SPIRITS, LIQUORS
